◆ Description

FMS-100-700 N-S LN is a 100W constant current LED driver that operates from 198-264Vac input with 200 to 700mA output current and a forward voltage range from 50 to 220Vdc. The output current is adjustable by NFC. With it's compact dimensions from 360x30x16mm. It is easy to integrate in linear light products. To ensure trouble-free operation, protection is provided against output short circuit and over Load.
